## Boundary Change

The Board of Trustees reviewed rezoning modifications of multiple campus attendance boundaries for the 2019-2020 school year during its committee-of-the-whole meeting on Monday, Jan. 14. The potential boundary change impacting students residing in Blackhorse Ranch and Stone Ridge would result in rezoning them from Warner to Pope Elementary School.

A comprehensive plan including seven elementary schools and two middle schools is posted for community review on the CFISD website. You may [review these proposed boundary plans and provide written input](#), all of which will be sent to the Board of Trustees. Please note that community input is not in any way a vote, but rather a way to gain insight into the opinions and concerns of the community, as well as to receive additional ideas for boundary plans.

These proposed plans may be modified after considering community input. The final decision will be made at the regularly scheduled Board of Trustees meeting on Monday, Feb. 11. [View the proposed boundary changes online.](#)

### “Core Essentials”

This year Warner’s character education program, designed for grades K-5 will be based on the values created by The Core Essentials program at [coreessentials.org](http://coreessentials.org).

Each month, a different Core Essential will be emphasized school wide to encourage students to **1) Treat other’s right, 2) Make smart decisions, and 3) Maximize their own potential or do their BEST.** The students will learn about these skills with their teachers in their classrooms and also within the guidance lessons presented by their counselors. They will hear and see a “quote of the week” that is related to the skill discussed that month. We will send home information from Core Essentials in the newsletter each month that describes the skill and how you can reinforce them at home. Please see the attached information at the end of the newsletter. The program is designed so that kids will truly know the skills and by the end of each month will be able to “SAY it, KNOW it, SEE it, and BE it”. The Core Essential for the month of **January is Self-Control – Choosing to do what you should do even when you don’t want to.**

### Electronic Communication

Please refer to the following guidelines regarding communication:

- Newsletters and other communiqués will be distributed electronically. If you do not have access to e-mail, you may access weekly newsletters by going online to [www.cfisd.net](http://www.cfisd.net) (click on “Schools and Facilities,” “Elementary Schools,” “Warner,” “Website,” “School News.”)
- Parents will still need to check their child’s backpack/binder daily for any graded papers or teacher communication.
- Additional flyers, etc. that cannot be sent electronically will be sent home on Tuesdays.

## Self-Control January 2019

### SAY IT:

Choosing to do what you should even when you don't want to.

### KNOW IT:

#### ASK A KID:

- Have you ever wanted to keep playing video games at night but your mom or dad said it was time to get a bath and get ready for bed? How did you act? What did you say?
- Think of someone you know that lacks self-control. Think of someone that you know that has great self-control. What are the main differences in their attitudes and behaviors?

#### ASK A GROWN UP:

- Think of a time when you lacked self-control. What happened?
- How does it feel to choose to do what you should even when you don't want to?
- What do you have trouble resisting? What do you do to avoid being tempted?

### SEE IT:

The Disney movie, Finding Nemo, portrays a great example of self-control. When Marlin and Dory are searching for Nemo they come across a few sharks along the way. The sharks are determined to break their habit of eating fish. While they are talking with Marlin and Dory, a drop of blood sets one of the sharks into a frenzy and he abandons his self-control and attempts to go after the two fish. [youtube.com/watch?v=XWuPGKLJXe8](https://www.youtube.com/watch?v=XWuPGKLJXe8)

### BE IT:

Make a list of things in your life that you want to do but are unhealthy for you. Think of ways that you can avoid this temptation. Examples might be you really like to eat greasy foods or chocolate but they are unhealthy food options. What are some things that will help you choose to do the right thing, even when you don't want to? Are there certain places that you should avoid? Or are there specific times that you could avoid these places? Come up with some practical strategies to help you sharpen your self-control.

## PHASE

Self-Control  
January 2019

In the elementary years,  
a child develops skills that  
equip their future.

Here are three questions that all elementary-aged children are asking:

**1. Do I Have Your Attention?**

In Kindergarten and first grade, a child craves adult attention and approval.

**2. Do I Have What It Takes?**

In second and third grade, a kid wants to know how their abilities compare with peers.

**3. Do I Have Friends?**

In fourth and fifth grade, a kid begins to prioritize friends in a new way.

Relationships create a safe place to resolve who we are. Relationships bring clarity. When kids see themselves the way a loving adult sees them, it changes how they see themselves
